## REBELS CLOSING IN ON HUERTA AND END IS NEAR

Zapata Said to Be Only  
Forty Miles From Capital  
of Republic

TAMPICO ABOUT TO  
FALL TO REBELS

Power of Dictator is Rapidly  
Crumbling—Appeal for  
Aid for Refugees

VERA CRUZ, May 11.—Huerta's capital is now the "City of Dread." General Emiliano Zapata, whose depredations have terrorized Southern Mexico for several years, has captured Cuernavaca, according to information received here. Cuernavaca is only forty miles from Mexico City.

Tampico has fallen, or is about to fall, to the Constitutionalists. Saltillo is menaced by General Villa's brigades.

Vera Cruz is in the hands of the Americans.

Mazatlan, several times reported captured, cannot hold out much longer.

President Huerta's power is steadily crumbling. He is awaiting the end and at the same time 3,000 foreigners are sharing his vigils, wondering what is in store for them when the capital falls to one or the other of the fierce revolutionary leaders.

News of the capture of Cuernavaca by Zapata, the man who delights to call himself the "Attila of the South," was brought here by Wm. Smiley, who came out of the capital on a refugee train that left last Friday. He had fled with a number of other Americans from Cuernavaca and the train on which they were taken to the capital was fired upon by Zapata's followers.

Federal soldiers guarded the train from Cuernavaca to Mexico City. Two of them were killed by the rebels' bullets and a number were injured. The passengers escaped injury by lying on the floors of the cars.

MEXICANS PROTEST.  
WASHINGTON, May 11.—Secretary Bryan indicated late today that the reported seizure of the Mexican light-house at Lobos Island by Admiral Mayo has been made the subject of a protest by the Mexican Government. He said that the matter had been called to his attention by the South American mediators at the direction, he assumed, of Huerta. He added that an investigation of the reported seizure had been ordered, but that the State Department had no direct information on the subject.

KENTUCKIANS ASK AID.  
A dispatch from Washington Friday said:

"Rear Admiral Badger estimated in a dispatch to the Navy Department that it probably will be several weeks before all American refugees are out of Mexico. He reported that the steamer Esperanza left Puerto Mexico with 634 refugees aboard. The Mexico, which arrived at Vera Cruz, took 170 of the refugees on the Esperanza to New Orleans.

"The City of Tampico sailed for Progresso to collect refugees from the Yucatan district. When the Moro Castle returns from Tampico Admiral Badger said all refugees then at Vera Cruz will be transferred to her and she will be sent to New Orleans at once.

"Four Kentuckians, Ed Holmes, J. E. McGuire, Wm. Collier and E. Moore, were among the two hundred refugees on board the steamship Connecticut, in quarantine off Galveston, who signed the report, transmitted to the Senate today and referred to the Committee on Foreign Relations, expressing fear for the safety of three hundred Americans who remain in and around Tampico. After pointing out the many depredations committed by Mexicans and other foreigners were subjected to by the lawless natives, the refugees said the failure of the United States "to take a definite stand at this critical moment will make it impossible for us to ever hope to return with safety to what we have been forced to abandon."

Mr. Holmes gave his address as Glenboro, Anderson county, while the other three refugees merely signed "of Kentucky," after their names.

Mr. Collier, who was mentioned in the above, is a son of Mrs. W. E. Collier, of Millersburg. She recently received a letter from him in which he gave an account of his escape from Tampico, and was among the refugees on board a ship bound for Galveston.

COULD GET RECRUITS HERE

Capt. J. R. Simms, of Company I, Second Kentucky National Guards, will come to Paris to recruit his company if it becomes necessary for the Government to call out the National Guards in event of war with Mexico. According to Capt. Sams he now has about seventy-five men, who are well drilled and ready for service, his company must be recruited to 106 before it can be mustered into the volunteer service. He has been in conference with a number of Paris people with a view of opening a recruiting station in this city should the National Guards be called into service.

NEGRO SECTION HAND FELL  
TRAIN AND INSTANTLY KILLED.

William Knott, colored, aged 21 years, fell beneath a freight train at Austerlitz, this county, Saturday night and was instantly killed. Knott, whose home was at Heiskells, Tenn., had been employed since April 26, with a section crew under F. Elvers.

With a number of companions he went to Winchester on the evening train Saturday and the entire number boarded a fast freight at Winchester to return to Austerlitz. As the train neared Austerlitz it was running at about fifteen miles an hour when three of the party alighted on the right hand side. Knott, attempted to get off on the left hand side and it is believed lost his balance and fell beneath the wheels of the car.

Several of the party did not attempt to get off and rode to Bedford when the train proceeded under slow orders and walked back to Austerlitz. Near the station they found the mangled body of Knott. His head and body were laying on the edge of the cross ties and his feet across the rails. Both were severed, the entire train passing over them.

Coroner Rudolph Davis was out of the city and the body was ordered removed to the establishment of Mr. George W. Davis. It was brought to this city Sunday afternoon and his relatives were notified of his death. The local undertakers have not received any message as to what disposition to make of the remains and it is probable they will be interred in this city.

Coroner Davis went to the scene of the accident yesterday morning, where he summoned a number of witnesses and conducted an investigation, finding that death was due to an accident.

## LINCOLN COUNTY IS FOR BECKHAM

Warmly Welcomed When  
He Spoke in Stanford  
Saturday

STANFORD, Ky., May 11.—Ex-Gov. Beckham was given an enthusiastic greeting by the Democrats of Lincoln and many neighboring counties when he spoke here in the interest of his candidacy for the United States Senate. He was introduced to the big crowd by William H. Shanks, who represented Lincoln county in the Legislature during the memorable session of 1908, when four so-called vote for Bradley to defeat Beckham for the Senate.

Mr. Shanks declared emphatically to the audience that he knew personally that had Gov. Beckham been willing to submit to the influence of the liquor interests he could have been elected United States Senator.

"But," said Mr. Shanks, "he preferred to sacrifice the great honor of being elected to a seat in the Senate in preference to a violation of his pledge to the people or to renounce the principles for which he has stood."

Mr. Shanks said that during his three terms' service as Representative from this county at Frankfort, he has never met any man whom he considered as clean and as able as Gov. Beckham, nor any one who stood as consistently for the true interests of the great common people and as free from any suspicion of corporate or other sinister influences.

Gov. Beckham was given a most enthusiastic reception during his speech of about an hour and a half, and at the conclusion leading Democrats from all sections of the county pressed forward and gave him the strongest assurances that he would carry this county overwhelmingly in the primary next August.

Democratic leaders from Boyle, Pulaski, Garrard, Casey and Rockcastle counties came by automobiles and train to hear him speak here, and brought the same kind of assurances that he will sweep their counties.

Gov. Beckham spoke Friday afternoon at Perryville, in the western end of Boyle county. The town hall was not large enough to hold the crowd, about 100 being compelled to remain outside.

## FATAL INJURIES ARE SUSTAINED BY G. N. MCKENNEY

Attempts to Board Engine  
And Falls Under Moving  
Freight Train

DIES AT HOSPITAL  
ONE HOUR LATER

Injury to Head Causes the  
Death of Well-Known  
Popular Man

While attempting to board a yard engine in the South yards of the Louisville & Nashville railroad at an early hour Saturday morning Mr. George N. McKenney, a special detective in the employ of the company, fell beneath the locomotive, and was so badly injured that he died two hours later at the Massie Memorial Hospital.

Mr. McKenney had been on duty during the night, and as was his custom, he intended riding to the passenger depot, where he would make his report and go to his home. When he attempted to board the engine he missed his footing and fell to the ground. His right shoulder was broken and he suffered an injury to his head.

The engineer in charge of the yard engine witnessed the accident, but before he could bring the train to a standstill. Mr. McKenney was four car lengths in the rear. He was picked up and taken to the depot, where a physician was summoned, and he was ordered taken to the hospital.

At first he was not thought to be seriously hurt, though Mr. McKenney expressed the opinion that he had received fatal injuries. At the hospital he was able to help himself to some extent. He died about seven o'clock, and was removed to his home on Pleasant street. Death was due to the injury he sustained to his head. Mr. McKenney was aged about sixty-four years, and was one of the best known residents of Paris. For four years he served as a member of the Paris police force, and was an earnest and efficient officer. He was retired as a member of the force on January 1, when he secured a position with the railroad company as a special agent in Covington, and was later transferred to Paris.

He is survived by his wife and six children, as follows: Albert, Leo and David, of Paris; Omar, of Corbin; Mrs. Birdie Brown, of Lowell, Ky.; Mrs. Carrie Brandenburg, of Winchester. Another son, Owen, died about a year ago.

Mrs. McKenney was on a visit to her son in Corbin, when she received the news of the accident and death of her husband, and returned home Saturday afternoon.

The funeral took place at the residence on Pleasant street, Monday afternoon at three o'clock. Rev. Dr. O. R. Mangum, of the Baptist church, conducted the services and the burial followed in the Paris cemetery. The pall-bearers were: C. P. Mann, Dr. William Kenney, Joseph Farris, Dr. F. M. Faries, Fred Link and E. B. January.

Coroner Rudolph Davis will conduct an investigation into the death of Mr. McKenney before a jury as soon as the members of the engine crew can be located and convenient arrangements made to have them present at the inquiry.

JNO. C. C. MAYO DIES

After Game Struggle Against Disease  
Death Wins Out

NEW YORK, May 11.—John C. C. Mayo, Democratic National Committeeman from Kentucky, died here this afternoon at the Waldorf-Astoria Hotel.

Col. Mayo was brought here for further treatment after blood transfusion at Cincinnati had failed.

The condition of Col. Mayo, who had been seriously ill here since April 25, became worse early today and his death was momentarily expected.

The patient had been unconscious for several hours and last night the four physicians in attendance administered oxygen.

With Mr. Mayo were Mrs. Mayo and their two children, and Mr. Mayo's father, P. J. Mayo, and Washington Mayo, his brother.

Mr. Mayo was taken ill about three months ago at his home in Paintsville, and after several weeks' treatment by local physicians, it was decided that the patient would have a better chance of life in a city hospital. Accordingly a special train was chartered to take him to the Jewish Hospital in Cincinnati, where for weeks he hovered between life and death, making a brave fight, in which, in spite of the constant attention of nurses and physicians, he lost ground, little by little.

## "BLOOD IS THICKER THAN WATER"

Without good red blood a man has a weak heart and poor nerves. Thinness of the blood, or anaemia, is common in young folks as well as old. Especially is it the case with those who work in filthy ventilated factories—or those who are shut up indoors in winter time with a coal stove burning up the oxygen or emitting carbonic (oxide) gas. This blood, or blood which lacks the red blood corpuscles, in anaemic people may have been caused by lack of good fresh air breathed into lungs, or by poor digestion or dyspepsia. Sometimes people suffer intense pain over the heart which is not heart disease at all, but caused by indigestion. Whatever the cause, there's just one remedy that you can turn to—knowing that it has given satisfaction for over 40 years.

DR. PIERCE'S

## GOLDEN MEDICAL DISCOVERY

is a blood cleanser and alternative that starts the liver and stomach into vigorous action. It thus assists the body to manufacture rich red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil. ### WHOOPIING COUGH.

"About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, of Crooksville, O. For sale by all dealers. (May) (adv)

### CADILLAC FIRE TRUCK MAKES 23 MILE RUN IN 31 MINUTES

Fire fighting is being rapidly revolutionized by the automobile or motor driven apparatus, and with the sensational feats these vehicles are performing nearly every day it seems likely that the horse will soon be abandoned as a part of a fire department's equipment because of comparative inefficiency. Fast runs by automobile apparatus also diminish the possible loss from fire and in time will undoubtedly affect insurance rates.

Amarillo, Texas, recently provided a spectacular example of what can be done in this line of public service. A fire truck built on a stock Cadillac chassis, and carrying, with hose, ladders, chemicals and tools, an overload of 1,200 pounds and with a total weight of 6,000 pounds, made a remarkable run to the State Normal fire, covering a distance of 23 and two-tenths miles in 31 minutes. The last nine miles were done in ten minutes and the average speed was 46 miles an hour. The run was made over country roads, over hills and through canyons and around twelve short turns.

### RESULTS THAT REMAIN

Are Appreciated By Paris People.

Thousands who suffer from back-ache and kidney complaint have tried one remedy after another, finding only temporary benefit. This is discouraging, but there is one kidney medicine that has earned a reputation for lasting results and there is plenty of proof of its merits right here in Paris. Here is the testimony of one who used Doan's Kidney Pills years ago, and now makes her testimony even stronger.

Mrs. J. T. Martin, Pleasant and Eleventh streets, Paris, Ky., says: "I suffered quite severely from pains across the small of my back, and in my kidney. The trouble alarmed me and I tried many medicines. I did not get relief, however, until I procured Doan's Kidney Pills at Wilson's (now Butler & Co's) drug store. They improved my condition in every way. All I have ever said praising Doan's Kidney Pills was entirely correct and I confirm my former endorsement of this remedy. They permanently cured me of kidney trouble."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Martin had. Foster-Milburn Co., Props., Buffalo, New York. (adv)

## News Over the State

Auto Hit By Car.

Nicholasville—John H. Welch, well known merchant, and R. M. Hunter, a merchant, had a narrow escape from instant death when the automobile in which they were riding was struck by an interurban car. The machine was demolished, but the occupants escaped with a few bruises and a severe shaking up.

### Shelbyville Assessment.

Shelbyville—The total assessment of property in the city of Shelbyville as reported to the Board of Council, is \$2,944,820 divided as follows: Town lots, \$177,510; improvements, \$1,016,865; bonds, mortgages, notes, etc., \$885,900; personality, \$864,545. This is an increase of about \$275,000 over last year's assessment and is \$110,976 more than the amount returned by the Board of Supervisors for taxation. Of the whole amount, \$42,810 is listed by negroes. The Board of Supervisors, composed of W. H. Tipton, James Stewart and Fielding Ballard, will meet next Thursday.

### Orchard Demonstration.

Lexington—Prof. J. H. Carmody, of the State Experiment Station, at Lexington, will visit this city May 12 and 13 for the purpose of giving instruction in horticulture. The State some time ago presented Hardin county with about 75,000 apple trees for an experiment orchard, and Prof. Carmody will give instructions to the orchardmen who obtained the trees.

### Billy Sunday to Speak

Winchester—The Rev. William Ashley Sunday (Billy Sunday) has accepted the invitation of a committee representing the Winchester Commercial Club to deliver an address in Winchester. He will speak at the Kentucky Wesleyan College on June 2.

### War on Hookworm

Shelbyville—Dr. J. S. Locke, State Sanitary Inspector, will return to Shelbyville on May 18 to complete the campaign he inaugurated in this county last winter against the hook worm and all preventable diseases. He has announced the following: appointments: Tuesday, May 18, dispensary at Mt. Eden; Tuesday evening, address at the Christian church in Shelbyville; Wednesday, dispensary at Simpsonville; Thursday, dispensary at Chestnut Grove; Thursday evening, address at Finchville.

### Stockholders Approve

Lexington—At a meeting of the stockholders of the Phoenix Hotel Company the action of the board of directors was approved in the recent negotiations by which J. B. Haggin, the New York millionaire, and C. H. Berryman, his business manager in this city, acquired a large block of the hotel stock. Under the terms of the agreement made by the directors, the company will at once retire the second preferred stock and will issue a large block of common stock to the Haggin-Berryman interests sufficient to liquidate the second preferred stock with an excess which will be used in the construction of an extensive addition to the hotel, the contract for which has already been let.

### WOOL SHOWS TENDENCY TO GO HIGHER THIS YEAR

Wool shows a disposition to work higher, and a lively market is expected all summer, says the Live Stock World. The 1914 world's clip is not sufficient to operate 75 per cent. of its loom capacity, and still higher prices are expected next year. Prediction is confidently made that the domestic clip will have disappeared six months hence, necessitating material increase in imports. Western growers now realize that they parted with their clips at less money than was necessary, and buying wool for less than 20 cents in Montana is now difficult.

A sociologist is a lad who draws a big salary for telling girls who earn \$6 a week that automobiles and wine are unhealthy.

### BIG CONSIGNMENT OF FISH HEADED FOR KENTUCKY

Government agents will ship into Louisville this week a consignment of 14,000,000 fish to be used throughout the State in restocking depleted streams, in the work undertaken by Federal departments co-operating with the State Game and Fish Commission, of which Joseph G. Sachs, of Louisville, is chairman. The consignment will probably arrive about May 15, and will be sent to Frankfort, from where it will be distributed.

According to Chairman Sachs, of the Fish and Game Commission, the hatchery of its own after experiments, soon to be made, are completed at the Government hatchery, near the State Fair grounds. J. Quincy Ward, of Paris, executive agent for the commission, is now in Michigan, where he is attempting to buy large supply of the eggs of the rainbow trout, a variety not now found in Kentucky, but which thrives in other States. These eggs will be hatched at the Government hatchery, near Louisville. Experiments in wild turkey hatching will also be made after a consignment of eggs of that bird reaches the commission. Another plan of the commission in the campaign of game conservation is that by which a contract has been let for 150 pairs of Hungarian partridges. The birds will be distributed over the State for experimental purposes.

Chairman Sachs and other members of the commission have just returned to Louisville from Pineville, where they inspected the game preserve established last winter by the State body. Twenty head of deer are now kept on the preserve.

### WHEN YOU ARE NERVOUS

you have the first symptom of a run-down system, and nervous people too often conceal their aches and pains and suffer in silence, while, if neglected, this condition often foreruns more serious trouble.

If those so afflicted would stop taking medicine containing alcohol or drugs which menace the foundations of health, and just take the pure, strengthening nourishment in Scott's Emulsion, it would create new blood to pulsate through the organs, refresh their bodies and build up the whole nervous system. It is rich, sustaining nourishment, free from wines, alcohols or drugs. Shun substitutes.

Some Men Can Always Say The Right Thing At The Wrong Time.

### TURF MEN ORGANIZE STATE ASSOCIATION

A number of breeders, owners, race track officials and trainers of Central Kentucky held a meeting at the court house in Lexington last Thursday and took initiatory steps to form an organization. George H. Whitney, one of the most prominent local horsemen, presided at the meeting and speeches were made by Col. Milton Young, former chairman of the State Racing Commission, who was retired by Gov. McCreary; Catesby Woodford, president of the Kentucky Racing Association, and other well-known horsemen.

A permanent organization was launched with an Executive Committee composed of J. O. Keene, Keene Daingerfield, Geo. H. Whitney, T. H. Talbot and Fred Forsythe. The committee decided to call another meeting in November, when the policy of the new organization will be more clearly outlined, and some further action taken to improve breeding and racing conditions in Kentucky. No public criticism was made of Gov. McCreary or the State Racing Commission, as was anticipated.

### ASTONISHING LAW SUIT IS INSTITUTED IN PARIS COURT.

An astonishing law suit has been begun by a dancing master against the Archbishop of Paris. Damages of \$20,000 are asked of the ecclesiastic because he denounced the tango and forbade his communicants dancing it. Thus the dancing master's business was injured, and it is said that the French lawyers declare the statutes "do not justify an ecclesiastic's public disapproval of matters affecting the livelihood of any class."

### THE NEGRO AS A PATRIOT AND HIS PLACE IN HISTORY

A war with Mexico would prove another opportunity for the negro to demonstrate to the world his patriotism to his country, as he has in every American conflict from the time Crispus Attucks spilled the first blood in the Revolutionary struggle until he proudly planted the Stars and Stripes upon the ramparts of San Juan Hill. Bancroft and other modern historians record the negro's heroism while ancient and medieval historians chronicle his martial achievements on the battlefields of gone-by ages which stand out in bold relief before the dazzling light of the civilization of a twentieth century.

### BIG CLAIM ALLOWED TO WOODFORD COUNTY WOMAN

### SAYS JAPS ARE FAIRLY SWARMING IN HAVANA

According to a Cuban gentleman, with many friends in New York and Cincinnati, the Japanese are, apparently, doing some advance figuring on the prospective war game that may soon be played. "Japanese are becoming entirely too numerous around Havana," he writes a Cincinnati friend, "and the authorities are beginning to doubt their well-voiced excuse for visiting our island. Merchants looking for tea-store locations, others hunting for places to establish curio stores, young men who want to be valets and house servants, and a flock of jiu-jitsu wrestlers have flocked into the city. They seem to dote on excursions to the Morro, Fort Cabanas, and the harbor defenses, and some of them, from evident force of old habit, start the military step when our bands play or our troops march past. Some of them were caught one night not long ago going over the plans of the harbor forts—plans very well sketched and seemingly very interesting."

### CHARGED WITH ROBBERY; GETS A SPEEDY TRIAL

### STATE BAPTISTS TO SEND 300 TO SOUTHERN MEETING

Kentucky Baptists will send 300 delegates and visitors to the annual Southern Baptist convention, which begins at Nashville May 13. Every State in the South is entitled to a delegate for each \$250 contributed for home and foreign missions, and Kentucky will have a full representation.

Kentucky was asked for \$32,000 for home missions and \$46,000 for foreign missions during the year ending April 30. The books for the year indicate that \$35,000 was given for home missions and \$48,000 for foreign work. The foreign mission board, with headquarters at Richmond, Va., reported that the failure of Georgia and Texas to meet their assessments caused a deficit of \$68,000. The Rev. Dr. W. D. Powell, corresponding secretary of the Kentucky State Board of Baptist Missions, informed the foreign board that Kentucky would raise \$5,000 of that sum if the other fifteen Southern States raised \$4,000 each. He declared that \$6,000 of the amount named already has been raised by the Kentucky Baptists.

Among the delegates to this convention is Rev. O. R. Mangum, pastor of the Paris Baptist Church.

### GREAT TOBACCO MEETING TO BE HELD IN LEXINGTON.

Perhaps the greatest meeting of tobacco men ever held in the United States will come off in Louisville and Lexington, Ky., in June. The Tobacco Association of the United States will hold its annual meeting in these two cities, beginning in Louisville on the 16th of June and moving on to Lexington about the 18th. It is estimated that five hundred tobacco men, together with transportation men, bankers and sellers of tobacco supplies, will attend these important meetings at Louisville and Lexington.

The Secretary of the Association, G. E. Webb, Winston-Salem, N. C., together with numerous committees, are at work arranging details for the convention. Special hotel rates have already been secured. The meeting will not only be of great importance from a business standpoint, but one of great pleasure to all who may be so fortunate as to attend. An elaborate program is now being arranged which will be made known in a few days. The meeting will give an opportunity to the tobacco men of the South and East to meet with the tobacco men of the West. It is greatly desired that there be a full attendance from all sections.

All tobacco men are eligible to membership in the organization. Also all manufacturers and dealers in tobacco supplies, tobacco machinery, etc., all bankers in tobacco towns and cities and all transportation men.

One of the objects of the Tobacco Association of the United States is to compile statistics and gather information generally pertaining to the business, both home and foreign, for promulgation among its members. The main idea is to so safeguard the tobacco interests against adverse legislation, to use every means to promote the interest of the trade as a whole, to keep on a high plane of fair dealing, and promote a closer personal and business relations between its members.

### L. & N. GIVEN RIGHT TO ESTABLISH CERTAIN RATES

Permission was given the L. & N. Railroad Company by the Interstate Commerce Commission Friday to establish rates on cottonseed oil, cottonseed roots or tank bottoms, in car loads, to be refined in transit at Louisville, Cincinnati, Ivorydale, and St. Bernard, O., from points of origin in Georgia to Eastern cities without observing the long and short haul law.

### Let your Painter make this test

Take two brushfuls of paint—one of "High Standard" and one of the other brand—and see for yourself how much farther "High Standard" goes. Then figure how much less paint it would require to cover your building when you use

the paint of proven performance. You will see that even if it cost more per gallon it will still cost less by the job.

For the paint that gives best results always look for the "Little Blue Flag" on the label. You will get a job of painting that will retain its freshness and beauty and give your building the best protection from the destructive action of the elements. Come in and ask us for information about painting, color cards and booklets.

## Announcement!

I wish to announce to the people of Paris and Bourbon County that I have assumed charge of The Grocery on Main Street which I Recently Purchased From Mr. John Sauer.

It will be my purpose to continue to serve the patrons of this store with only high class Staple and Fancy Groceries, Produce, Vegetables, Etc., at prices as low as possible, quality considered.

It is my purpose to continue the delivery of goods to all parts of the city. Orders left with me will be given careful attention and prompt deliveries will be made of same.

Thanking the public in general for a continuance of the liberal patronage which they have given my predecessor, I am,

Very Respectfully,

**N. A. MOORE.**

### COLLEGE HILL PLACE

The Bourbon College property is now undergoing extensive improvements, preparatory to the big sale of building lots that have been platted off this beautiful property. Sewerage, new street, waterworks, gas electric and everything to make the property modern is being added.

The new addition has been named "College Hill Place." It is one of the highest points in Paris and is most desirably located.

The sale of these lots will be on Thursday, May 21, at 2:30 o'clock.

If you contemplate building a home or houses for rental purposes go and look these lots over before the sale and pick out what you want as building lots this close in are scarce—in fact there are none on the market. A home in this addition will always be worth the money spent on it and will always sell at a profit, if you want to sell it.

See description of property in another column of this issue.

### SUCCESSFUL OPERATION IS PERFORMED BY LOCAL MAN.

Dr. Milton Stern, throat and eye specialist, of this city, assisted by Dr. W. G. Dalley, of Millersburg, performed a very delicate operation on the son of Mr. Desele Alexander, of Pleasant Valley, yesterday. The little fellow was a great sufferer from throat trouble. The operation was very successful and the patient is doing nicely.

### COMMISSIONERS OF RACING SWORN IN.

The State Racing Commission met yesterday at the Seelbach Hotel, in Louisville, for the purpose of reorganizing for the next four years. The new members, Gen. W. B. Haldeman, of Louisville, and Judge Allie Young, of Morehead, were sworn in, succeeding George J. Long, of Louisville, and Col. Milton Young, of Lexington. The other members present were Charles F. Grainger, of Louisville; Johnson N. Camden, of Versailles, and Thomas Hart Talbott, of Paris, who were reappointed by Gov. McCreary. Mr. Talbott is steward of the present Churchill Down meeting in Louisville.

## THEATRICAL.

### Columbia Theatre To-day.

The return of Helen Redmond (2 parts).—Neil Forrester, clubman, marries Helen Redmond, a chorus girl, against his clergyman brother's wishes. A girl is born to the couple. Helen tires of domestic life and after a quarrel with her husband returns to the stage and Bohemia, where she forgets all in its whirl and gaiety. Forrester dies and his brother assumes charge of the child, bringing her up to believe that her mother is dead and is a good woman. She is now ten years old. One night after the show Helen gives a supper to her friends in her flat, and one of the guests sends her regrets on account of her young daughter's illness. This awakens in Helen thoughts of her own daughter and she retires to her own room broken-hearted and resolved to see her the next day.

She goes next day and finds the child resembles her and humors her by saying that she knew her mother and that she was a good woman. The minister returns, recognizes Helen and orders her from the house. She first pleads for the child, then demands it, it is hers. The minister changes his tone and tells Helen that it would be wrong to disillusion the child, now that she thinks her dead and a good woman and a greater wrong to bring her up among her kind. Helen sinks under these reproaches, but is persistent. While the girl is being brought in Helen lapses in a deep reverie. In this state she has visions of bringing the girl home. The inherited taint manifests itself and the girl grows up like her mother, with a weakness for paint, frills and smiles of men, and later Helen's friend elopes with the girl. When the minister returns with Marjorie, Helen's daughter, she tells him she realizes what he says is true and that it is better for her to continue to grow up under his care. She renounces the stage, gives music lessons as a means of livelihood and is soon reunited with her daughter in the enjoyment of a happy future.

### At The Grand.

Tomorrow night at the Paris Grand will be presented two of the greatest motion picture ever made, "A Million Bid," and "Goodness Gracious." "A Million Bid" is a dramatic masterpiece in five parts, while "Goodness Gracious" is a screaming burlesque in three parts. The latter is said to be one of the funniest pictures ever made, and in it is featured the Vitagraph favorite, Clara Kimball Young. In addition to the unusual program Gregg's Imperial Ten Piece Orchestra will be here for the occasion. There will be but one performance, beginning at 8 o'clock, and in order to insure the patrons comfort and enjoyment reserved seats are being sold, which can be secured at the box office of the Alamo.

### NOTICE TO STOCKMEN.

List your stock in M. J. Murphy's monthly combination sales. Plenty of buyers always on hand. We can sell your horses, mules, ponies, cows, cattle, hogs, sheep and poultry at good prices. Next sale will be held on Monday, June 1, county court day. (21ap-f)

## MATRIMONIAL.

### HAWKINS-YOUNG

—Mrs. J. N. Hawkins announces the engagement of her daughter, Myrtle, to Mr. Tolliver Young, of North Middletown, Ky. The wedding will be a beautiful event of June. Miss Hawkins is beautiful and charming and the only daughter. She has a beautiful cultivated voice. She is also an accomplished pianist and for two seasons has been teaching music in the Kentucky Classical College, in North Middletown.

Mr. Young is a son of Mr. William Young, of North Middletown. He is a young farmer and is personally very attractive and highly esteemed.

EL GLOSTOVO, the new reflector type glowing electric stove, (regularly \$5.00) AT \$2.50.

The coils glow red hot the instant the current is turned on, and reach full working heat in fifteen seconds! And you can use the ordinary kitchen utensils you now have—whether they are of steel, tin, aluminum or granite.

The stove is beautifully designed, with a chafing dish pedestal, and is handsomely finished in highly-polished nickel. Complete with eight feet of cord and attachment plugs, and guaranteed for five years. PARIS GAS & ELECTRIC CO., (Inc.)

### SENATE KNOCKS OUT FREE SEED PROVISION

Provision for free distribution of seeds was stricken from the agricultural appropriation bill by the Senate Saturday after a vigorous debate. Senator Kenyon said he thought the farmers of this country objected to the sending of seed to them by congressmen as "a cheap attempt to curry favor." The action was denounced as false economy by Senator Warren. Advocates of seed provision expect the provision to be put back into the measure in conference, as has been done many times in past years.

### McKERNAN FORCED TO RETIRE AS BATTLE CREEK MANAGER

Ed McKernan, who for several years managed the Paris base ball club in the Blue Grass League, and who for the past two years, managed the Battle Creek, South Michigan, League club, has been forced to give up his position on account of ill-health, and is in a hospital in Cincinnati. McKernan undertook to manage the team this year, but after a few weeks it was found that he was unequal to the task. His friends here wish him a speedy recovery, but it is feared his illness is bordering on a critical stage and that he will never again be able to play ball.

### FRIENDS IN PARIS ARE WATCHING JACK SCHENEBERG

Friends of "Cyclone" Jack Scheneberg are watching his career with the Columbus A. A. club, and it is expected that he will have a good season. Scheneberg was formerly a member of the Paris team, and the last season he played here he made a remarkable record. He has been with the Columbus club since the beginning of the season, and has taken part in some close games. Every game he has lost has been by a close score, and invariably the defeat was caused by a blunder of his teammates. He seems to be in his best form and from all accounts is delivering an article of ball which should win.

### MISS CAROLYN BERRY TO GO TO NEW FIELDS

Miss Caroline W. Berry, of Hamilton College, Lexington, a sister of Mrs. F. P. Lowry, of this city, has accepted a position in the Kentucky College for Women, formerly Caldwell College, Danville, Ky.

For nearly eighteen years Miss Berry has been connected with Hamilton College as principal and instructor in mathematics and in that capacity has had as much to do as any other one person toward setting and maintaining the standards of that institution.

The deep affection and best wishes of a wide circle of friends will go with Miss Berry into her new field, where the knowledge of her as a gentle woman of the highest type, a teacher and principal of the loftiest ideals and most have preceded her.

### EAGLES CARNIVAL WILL BE HELD IN TWO WEEKS.

A little less than two weeks will mark the opening of one grand week of enjoyment for the people of this city and county. On Monday, May 25, the Littlejohn Carnival Co., under the auspices of the Paris Lodge of Eagles, will begin a week's engagement in this city, and everything points to a week of rare pleasure.

The Littlejohn Carnival Company, which has on several occasions played engagements in this city, will come here this year with the largest collection of attractions as has ever had and with the cleanest and most up-to-date shows that have ever been put before the public.

Mr. O. P. Carter, who is at the head of the committee of the Eagles' Lodge, Saturday received a telegram from Mr. Littlejohn, in which it was stated that he had added to his already large line of attractions, a motordrome, which is one of the latest and most improved amusement devices.

The place for holding the carnival has not been fully decided upon, but it will be held in the city lot or at the ball park. The advertising committee will begin this week with a campaign to boost the carnival and the county will be painted red with brilliant advertising matter.

### RAILROADING IN AFRICA.

A traveler recently returned from a trip on the Cape to Cairo railroad in Africa, tells of his experiences, says the Wall Street Journal. Listening to the stories one wonders why the employees of the road are not more active in asking for increase in wages. Railroad men in the United States should give thanks that they are not compelled to face the same conditions. One for instance of dangers along the Cape road related was the following:

"One night I was awakened by a terrific noise which seemed to shake the car. I naturally rose and slipped into some clothing and went to investigate. I met a trainman, after going through several cars, and asked him the cause of the din. He smiled, shrugged his shoulders and replied: 'Oh, that's nothing. We have a couple of carloads of cattle on the train, and that noise is made by lions trying to get to them.'

"I looked out of the windows and saw several dark forms running about the rear of the train. In a few moments I saw a number of men with torches dash from the train in pursuit of the forms which to me looked as large as horses. They were lions, however, and when the men had

chased them away the crew was recalled. We had been taking on water in the meantime, and the train pulled out. I imagine somewhat to the relief of the cattle."

GOLDEN KING IS SOLD TO ASHLEY FOR \$10,000

J. Gano Johnson, of Mt. Sterling, sold Saturday to M. Ashley, Glen Falls, N. Y., the famous saddle stallion, Golden King, for \$10,000. Golden King is ten years old and is noted as a show horse and stallion. Mr. Ashley has been buying many mares in Kentucky for the purpose of raising horses at his Adirondack Farm for the New York market, and he purchased Golden King for service in the stud. The horse will be shipped to Mr. Ashley's farm this week.

## BOURBON COLLEGE

And Premises and Sixteen

Building Lots, at College

Hill Place,

Paris, Kentucky

I will offer at public auction the Bourbon College Building and premises, also sixteen building lots, on

Thursday, May 21, 1914,

to the highest bidder; sale beginning at 2:30 p. m.

The College Building and grounds, which includes about 1.58 acres, well equipped for operation as a private school or college or an apartment house, having all modern conveniences, including hot water heating plant in good condition.

The sixteen building lots will front on Pine-Crest Avenue, which will run from Cypress Street to the extension of Walker Avenue in front of the College Building. This Addition will be one of the most desirable ever offered in Paris for home building sites. The lots are located on College Hill, the highest point in the city, and have natural drainage, are convenient to the business part of the City, Railroad Station, Car Line, Churches and Schools. The grounds have fine shade trees, which require a long while to produce. Sanitary Sewers have been installed, and water connections made; natural gas and electric light on the ground.

Never before in the history of the city has such an opportunity been offered the home builders to obtain lots having such advantages. Plats of the property, showing size of lots and location of streets, can be seen at my office or the office of Harris & Speakes.

The public is cordially invited to inspect the property, including the College Building, which will be shown there by Mrs. Thomson, President of the College.

The lots will be sold only to white persons and to persons who desire to build residences of not less than \$2,000 in value. The small cottage that is on the premises will also be sold on condition that same will be removed from premises within thirty days from date of sale.

Terms of sale will be one-third cash and the balance in two equal payments of one and two years from date, evidenced by promissory notes bearing interest at 6 per cent. per annum from date of sale until paid, and secured by lien on premises, with privilege of paying all cash.

**LUKE McLUKE SAYS.**

(Cincinnati Enquirer.)

There are all sorts of people in the world, including the man who is sore because the train isn't wrecked when he takes out an accident policy before making a trip.

The old-fashioned wife who used to darn her husband's socks now has a daughter who darns her husband when he wants his socks mended.

The trouble about the fast young man is that he is never going in the right direction.

It isn't the way you look at other girls that makes your wife mad; it's the way you don't look at her.

You can always flatter a married woman by telling her that she doesn't look it.

Railway men in Germany may only belong to such societies as are approved by the management.

Friend Wife is usually a pretty good old scout. How many men would stay at home until they had to move the furniture in each room once a week to keep from getting the Jerries?

Every time butter goes up one cent per pound Father has to come up to the Dutchman's place at the Corner and spend \$2 indignating about the Robber Syndicates and the Porch-Climbing Trusts.

A man doesn't have to be a coward to be afraid of his wife. The man who isn't afraid of his wife when he has done something he shouldn't haven't done hasn't much of a wife.

Some day when we get so that we will tell the truth about things there will be a lot of tombstones inscribed: "He Never Blamed the Booze."

When we do not like a man we go around and say so to every stranger we meet. But, somehow or other, we never think of telling the man himself.

After a girl has been engaged four times and failed to make the hook stay put, she always looks as though she was dodging the Dog Catcher.

The old-fashioned man who used to buy gold bricks now has a son who wants to see the blue prints before he will invest a dime in United States bonds.

You can always bet that the lad who whines that he is being kept down is always the last one up.

The world is growing better. The stock of Male Sopranos isn't nearly as large as it used to be.

**The Man Who****Pulls Teeth With  
His Fingers.**

Mr. A. D. Brown, the man who used to pull teeth with his fingers on stock sales days at Paris, Ky., and whose work was the talk of the whole county.

Last fall this same Mr. Brown came to Paris on Court Day and advertised a medicine known as Brown's Snake Oil Liniment, and left it for sale with Chas. E. Butler & Co., druggists of Paris, Ky. Since then Mr. Butler has sold hundreds of bottles of this wonderful medicine, and makes the broad statement that it has produced more cures than any medicine that was ever sold through his drug store.

Last Court Day Mr. Brown introduced on the streets, through Mr. Butler's drug store, a medicine known as Brown's Native Herbs in Liquid Form, and a great many bottles were sold under a positive guarantee that it would cure all forms of Stomach Trouble, Constipation, Catarrh, Indigestion, Dyspepsia, Water Brash, Rheumatism, Kidney and Bladder Chills and Fever, Diseases common to Women.

Its introduction into every community has been followed by some of the most remarkable cures. Brown's Native Herbs in Liquid Form is guaranteed to cure Constipation, Indigestion, and to set the stomach right. It matters not of how long standing the disease may be. It at the same time tones up the entire nervous system, gives strength and vigor to those who are weak, sick and nervous. To prove all this we ask you to go and have a talk with Mr. Butler at his store, buy a bottle of the Native Herbs, and if it is not just as we recommend and advertise it, you can go back to Mr. Butler and he will give you your dollar just as cheerfully as he takes it. Brown's Native Herbs in Liquid Form and Brown's Snake Oil Liniment, remember, are sold under a positive guarantee. Try it today.

**SUGGESTIONS FOR THE TROUSSEAU**

Top Coats, Motor Wraps, and Bathing Suits for Life in the Open

**COLORED BLOUSES AND PARASOLS**

NEW YORK, May 11.—Preparations for that great event, the June wedding, are now in progress. The bride-to-be is busily superintending the making of the various gowns of her trousseau. I suggest the model I have used for my first illustration, which expresses both dignity and grace, qualities which should be inherent in this gown of gowns. White tulle is the material used, with handsome silk-run lace for the vestee and rolling collar. The round-length skirt has a charmingly modest and graceful bustle drapery, especially becoming to the youthful bride. Moire, charmense,

Dignity and Grace Are Appealing Characteristics of This Stylish Wedding Gown

satins, crepe de Chine are charming materials for such a dress. For the veil, white tulle is especially pretty, draped from a coronet or orange blossoms, as illustrated.

For the bridesmaid's gown there is no prettier fabric than daintily-tinted organdy, plain or figured. The charming model I have chosen for my second illustration is of pale yellow organdy, with triple ruffles of fine-meshed net bound with bias strips of organdy. The becoming hat worn with this dress is a dream of old-time Leghorn loveliness in an adorable flat shape, trimmed with the most exquisitely dainty flowers. Narrow black velvet ribbon streamers of "the once upon a time" are caught at one side, with one end forming a bride.

For her trousseau, many materials and types of wraps and gowns are suitable.

One of the new materials which is most popular for summer wear is the lovely golfine, which comes in all sorts of beautiful colors and several qualities. It has all the smartness of corduroy without the weight, and for sports' clothes is much better than the easily-mussed fabrics of former seasons.

A stunning suit for motoring or for sports is made of a light-weight golfine, with a straight skirt that has a suspicion of drape from the hip-line to the waist, and quite a marvelous jumper, that hovers between a coat and a sweater. This is either "walked into" after the present-day manner of donning a skirt, or put on over the head. A square collar rolls back from the V-shaped neck, which is quite low, giving the pretty line to show the dainty blouse underneath. A three-inch loose belt at the waistline finishes this comfortable, yet striking outing costume.

Then the wonderful top-coats, that are made of the heavier golfine, in all the bright shades of the season, are perfect, since one need not look warm and unhappy in a motor coat, for, although beautifully dressed, one can yet be fully protected. One lovely model has the long, loose back, with a broad belt across the back, the front being long and straight, with large revers. One side of the coat is buttoned high, so that a loose draped effect is obtained. A high double black velvet collar stands well away from the neck, giving an air of jauntness to an already wonderful coat.

Beautiful raitine in bright colors and large spotty looking checks are among the summer suitings. Lovely straight narrow skirts are made of these checks, which should be worn with a pretty blouse, and one of the thin silk sweater coats. These are shown in the same colors as the rat-

ine, and are eminently smart for the well put-up woman who plans for a day's outing of any sort.

For the dressy summer afternoon frock, soft white crepes, with gorgeous colored figured borders, are distinctive, as are also the same crepes with the daintiest sort of colorings.

The blouses for the summer are indeed things of beauty—so dainty and cool. The organdies are perfect in all the smart shades of yellow, blue, pink, green and rose. Most of them are trimmed with white collar and cuffs, and often bows of darker ribbon at neck and sleeves. One very smart blouse is of yellow organdy with half-inch stripes of French blue, outlined with a hairline of black. The trimming consists of a white collar and cuffs, and a bow of two-inch black moire taffeta ribbon at the point of the V-shaped neck.

Among the more desirable dressy blouses, one sees lovely white chiffon stamped with exquisitely-colored flowers. These are trimmed at neck and sleeves with dainty shadow-lace ruffles, and having just a line of black through the lace gives a smart touch.

Beneath these waists of sheerest materials are worn the daintiest of dainty corset-covers. Some are shadow-lace and some are dainty white-batiste run with delicate blue or pink ribbons, while others have winsome Dolly Varden designs on a ground of white. All, however, should be glimpsed through the fabric of the waists in a misty manner.

Many styles of taffeta coats in all colors are to be used to throw over the dainty lace, chiffon crepe and lingerie gowns, but quite the newest and smartest thing yet shown for formal occasions is a kimono-shaped, medium length coat of colored net, with wide flounces, which taper toward the front. Lovely narrow feather trimming circles the neck and tops the flounces on the sleeves.

Quite the most wonderful creations for the summer of 1914 are the bathing suits. Many are more like afternoon dresses, made knee-length. One suit of dark blue taffeta, trimmed with light cerise golfine, has a darling cap made of the same golfine, with a hemstitched band of the blue taffeta around the face, tying in a saucy bow directly in front. Silk bathing shoes of cerise, with dark blue silk stockings, and a parasol of the two colors, complete a bathing costume much too lovely to be plunged into the briny deep.

This Bridesmaid's Frock, of Yellow Organdy and White Net, is a Charming Foil for the Bride.

Another lovely suit is of two-toned green taffeta, with a cap of the same, gathered, not only on a band around the face, but at the crown, forming a stunning sort of rosette, like a cock's comb, on the top of the head.

The parasols, of varied colors, are more beautiful than ever. The lovely "cherry blossom" from Japan is in soft colors or brilliant checks, while the "Arcadia" has each dainty gilt rib upturned and tipped with a tiny ball of ivory or ebony to blend with the coloring of the silk of the parasol. These two are most desirable and are very smart.

Among the summer lingerie the coolest of summer nighties are seen in beautiful washable silks. White, with tiny colored stripes, and white, with pretty Dresden flowers, are to be preferred. These have the low neck and very short sleeves, finished with ribbons to match the colorings in the silks.

**CONGRESS ADDS TO THE NATIONAL FOREST.**

Nearly 17,000 acres have just been added by act of Congress to the Caribou National Forest, Idaho. This is one of the first of such additions through Congressional legislation.

Those who have followed the National forest movement in this country will recall that most of the forests have been created through Presidential proclamation, which set aside, for timber growing or for water protection, certain areas for public domain. In March, 1907, however, Congress passed a law that no further additions should be made to the National forest areas in the States of Colorado, Idaho, Montana, Oregon, Washington and Wyoming, except through Congressional action.

Since July, 1909, residents of the city of Montpelier, Idaho, have been petitioning to have this 17,000 acres added to the Caribou National Forest, because the area includes the watershed of the stream which furnishes the city's water supply. Not being within a National forest, the tract was given over to unregulated grazing and other usages which resulted in stream pollution and became a serious menace to health. The citizens of Montpelier, at several times subsequent to their first efforts in 1909, renewed their petition; and the act just passed represents the successful outcome of their efforts.

—The graduation recital in piano of Misses Gertrude Patrick and Stella Stirman took place at the M. F. C. Auditorium Saturday at 8:00 p. m. The spacious auditorium was well filled with relatives and friends of the young ladies. The program was classical and well rendered. These young ladies have been untiring in their efforts through several long years of their musical career, and Saturday night gave good evidence of precision and faultless tones were far above the average. It was an interesting program inasmuch as both of the young ladies were graduating. Of course their numbers alternated, and it gave the musical critic opportunity to watch the various points of both performers. They received numerous flowers and other presents, and were the recipients of showers of congratulations. They were assisted by Misses Marie Smith and Mary Bruce Redd, as readers, who also did their work nicely. After the recital a short reception was held in the library and parlors of the college where everyone was given an opportunity to meet Misses Stirman and Patrick.

#### SUNDAY SCHOOL LEAGUE ADOPTS SEASON SCHEDULE

A meeting of the committee of the various base ball teams to compose the Sunday School League was held Saturday afternoon in the offices at the Peoples' Bank and the schedule for the season was adopted. The meeting was a very interesting one and much enthusiasm was manifested.

When the league was organized a week ago only five points in the county were represented, and it being necessary to have six clubs in the league to work the schedule to an advantage, it was decided to have two teams in this city and accordingly the Loyal Sons, an organization composed of the young men of the Christian Church was added to the league membership.

The first game of the season will be played on Saturday, May 30. The schedule as arranged is as follows: Hutchison—At Millersburg May 30; North Middletown June 13; Spears Mill July 11; Paris, Loyal Sons June 27.

Millersburg—At Hutchison July 4; North Middletown July 25; Spears Mill June 6; Paris July 18; Paris, Loyal Sons June 20.

North Middletown June 6; Millersburg July 11; Spears Mill May 23; Paris July 4; Paris Loyal Sons, July 25.

Spears Mill—At Hutchison July 18; Millersburg June 27; North Middletown June 20; Paris May 30; Paris Loyal Sons July 4.

Paris—At Hutchison June 20; Millersburg May 23; North Middletown June 27; Spears Mill June 13; Loyal Sons June 6.

#### TUBERCULOSIS IN THE ORIENT IS SERIOUS PROBLEM.

Tuberculosis is one of the most serious health problems in the Orient. Active organizations to fight this disease have been formed in Japan, the Philippines, India and Australia. A movement is on foot for a national organization in China and in a number of cities local work has been started. While no accurate figures are available, those who are in a position to know claim that consumption takes annually from 5,000,000 to 10,000,000 lives alone in China. In India the

#### WARNING AGAINST DANGEROUS PRESERVING POWDERS.

The attention of National Department of Agriculture has recently been called to the widespread use, especially in rural communities, of salicylic acid in putting up preserves. The head of a large drug and chemical supply house states that people living in Southwest Virginia, North and South Carolina, Kentucky, Tennessee and Western Georgia, have been purchasing salicylic acid in one-quarter pound packages for a number of years and that this practice has grown to an enormous extent. This dealer states further that only a few weeks ago he received an order from one wholesale grocer for fifty gross of these goods.

The department is aware that this practice is not confined to salicylic acid under its own name alone, but that large quantities of this acid, and of boric acid as well, are sold under fanciful names as preserving powders or canning compounds at prices which are much in excess of their real value.

In the directions for use, the house wife is told to fill the jar with the fruit or vegetables, cover with water and add a teaspoonful of the powder. It is true that these powders may prevent the decay of the fruit or vegetable, but they also encourage uncleanly or careless work, and their excessive use may be attended with very serious results upon the health.

Salicylic acid is a medicine of the greatest value in acute articular rheumatism and certain other diseases. It is well known as a poisonous substance, and one of the evils which may accompany its use in derangement of the digestion. It is therefore plain that its extensive use in food may lead to disturbance of digestion and health.

It is entirely practicable to put up both fruits and vegetables in such a manner that they will keep indefinitely by sterilizing the products by means of heat, and there is no excuse for running any risk by the use of preserving powders. The Department of Agriculture has issued the following Farmers' Bulletins on canning and preserving:

F. B. 203 Canned Fruit, Preserves and Jellies.

F. B. 359 Canning Vegetables in the Home.

F. B. 521 Canning Tomatoes at Home in Club Work.

These bulletins, which may be obtained without cost by applying to the Division of Publications of the Department, give exact directions for canning and preserving foods without the use of preserving powders or canning compounds.

The Paris colored High School base ball team was defeated by a team from the colored school in Cynthiana yesterday afternoon by a score of 9 to 8. The game was very exciting.

superstitions, the problem of prevention and treatment is peculiarly difficult. The Japanese has taken a hand officially in the control of tuberculosis, and is co-operating with two well organized private associations. The death rate while very high, is lower than in China and India. Under the direction of the United States Public Health Service a movement for the prevention of tuberculosis in the Philippines has also been organized.

The National Association for the Study and Prevention of Tuberculosis, with headquarters in New York, although organized especially for work in this country, has been largely instrumental in the establishment of anti-tuberculosis movements in most of the Oriental countries, as well as Africa and South America.

—Mr. and Mrs. Fayette Ardery are receiving congratulations upon the birth of a fine son Saturday morning at their home on Houston Avenue. The young man weighed nine and one-half pounds, and has been named Lafayette Ardery, Jr. Mrs. Ardery was Miss Lois Finell, of Georgetown.

#### MISS NELLIE BROPHY DIES AT HER HOME IN JACKSON

—Miss Nellie Brophy, aged 20 years, died at the home of her parents, Mr. and Mrs. James Brophy, in Jackson, Breathitt County, Saturday evening at 9 o'clock, after a two-weeks illness. Miss Brophy was a teacher in the graded school in Jackson and was one of the most popular young women of that city.

Mr. Brophy was formerly a resident of Bourbon County, but moved to Jackson about twenty-five years ago. For several years he was manager of the general store of Judge James Hargis.

Miss Brophy was a niece of Mrs. Henry McGinley, of Paris, and of Mr. and Mrs. James Brophy, of near this city.

The remains were brought to Paris yesterday morning and the funeral services were held at the Church of the Annunciation, conducted by Rev. Father DeBruyn. Interment in the Paris Catholic Cemetery.

Among those attending the funeral were Mr. and Mrs. Brophy, her parents; Misses Winnie, Mary, Annie, Clara, and Messrs. Joseph and James Brophy, sisters and brothers of the deceased.
